MATEC 40HV
with Control Unit
SINUMERIK 840 D-Powerline

X = 4,000 mm | Y = 825 mm | Z = 1,100 mm (horizontal) | 990 mm (vertical)

Basic equipment:

- NC swivel head, continuously swivelling by +/- 105°
- Motor spindle 20-12.000 1/min., 44 kW, 280 Nm
- Tool holder HSK 100
- 40 tool places + additional magazine 60 places
- NC rotary table with **face plate Ø 630 mm** | 1,000 1/min, milling max.: 850 kg, turning max.: 850 kg including direct measuring system and CNC-Axis with servo drive, precision: +/- 4, integrated into the machine table
- 6-fold rotary distributor for rotary table
- Electronic handwheel
- Temperature control for the coolant unit, constant temperature +/- 2 degree, including 900 l coolant container
- Internal coolant supply 70 bar / tank capacity 900 l
- 3D probe with wireless signal transmission
- Oil mist extraction unit
- Partition wall for double work station system for Y-axis up to 800 mm
- Tool breaking control and measuring of tool length, design with short laser fork and air nozzle, including tool measuring software

New parts of the machine:

- All linear guides and linear slides
 - Ball screws
 - Cooler
 - Hoses and diverse small parts
 - All parts, having been defective, upon inspection
- All new parts come with 12 months warranty.
